

Village Project Community Liaison Committee (VPCLC)

Statement of Purpose

This committee has been formed to act as an oversight committee to address issues that impact on the community that are either unanticipated now or that remain unresolved after being brought to the attention of the developer.

This committee is not a "complaint board" and in fact any and all complaints or problems that arise during construction and eventual operation are to be brought by individuals to the developer who has set up a dedicated phone number and email address to deal directly with individuals or groups who feel aggrieved .

The committee's purpose will be to deal with the more global aspects of potential impacts which may arise, particularly in areas of traffic, parking and noise.

Further the committee will be tracking the project's progress as against provided schedules so as to keep the community informed about any resultant delays or time frame changes.

Committee Members:

David Kaplan, Area 6 1st Alternate and Representative-Elect, Co-Chair

Sue Kohl, Area 5 Representative, Co-Chair

Rick Lemmo, Caruso Affiliated

Susan Payne, Chamber of Commerce

David Peterson, PRIDE

Patti Post, PPCC Transportation Advisor

Chris Spitz, PPCC Chair/President Emeritus

Maryam Zar, PPCC Chair, *ex officio*

Advisor to the Committee: representative of CD11 (to be named)
