Re.: LAMC 66.34

Dear Mr. Jones

The Pacific Palisades Community Council (PPCC), the most broad based community organization representing Pacific Palisades since 1973, by unanimous board vote, supports the Coastal Development Permit which would continue to implement LAMC 66.34 B 14 (b), restricting access to beaches from midnight to 5am, in the interest of public safety and quality of life and environmental considerations that impact along the shoreline in Pacific Palisades.

We urge you to maintain this curfew for the benefit of the broader community of Angelenos which utilize the beach and count on the safety and cleanliness of this natural resource along the beautiful southern California shoreline.

Thank you and best,

*Maryam Zar*
