PLUM Committee Hearing, April 26, 2011, 2:30 p.m.  
Public Works Royball Hearing Room 350, CH**

Dear PLUM Committee Members:

The Pacific Palisades Community Council (PPCC) strongly opposes creation of a by-right permit process for non-profit farmers' markets in residential zones.

While we recognize the benefit of providing more outlets for fresh food in under-served communities, we are very concerned about weakening long-standing protections for residential neighborhoods city-wide. Substantial caution should be exercised before initiating new, streamlined procedures applicable to all residential zones for special uses not otherwise permitted, whether by means of a conditional use/public benefit process or otherwise. We request sufficient time to investigate and comment on any proposal for a draft ordinance in this regard.

Sincerely,  
Janet Turner, Chair  
Pacific Palisades Community Council
