

**Resolution to Oppose SB 946 [Lara]
(Recommended by WRAC-LUPC, as modified by PPCC)**

Pacific Palisades Community Council opposes SB 946 [Lara], in which the State of California would establish sidewalk vending regulations for local municipalities. The bill would require local regulations to permit vending in parks and public spaces and would not allow location restrictions unless ‘directly related to objective health, safety or welfare concerns.’ The City of Los Angeles is currently analyzing sidewalk vending options. Local control and jurisdiction over sidewalk vending is strongly preferred, and should be preserved.
