

**Motions re Community Plan Update Process  
(Recommended by WRAC)**

A. Request to Extend Community Plan Timeline

“[Pacific Palisades Community Council] finds the Community Plans Update Outreach Plan timeline of 3 years to be ambitious (consider that the West-Adams-Baldwin Hills-Leimert and Granada Hills Plans required 7 years, and the Expo Station Neighborhood Transit Plan required 4.5 years), potentially limiting adequate public input and feedback.

“Therefore, we request that the Planning Department be funded to extend the timeline if and as needed to accommodate achievement-anchored benchmarks.”

B. Request for Planning Data Prior to Start of Community Plan Update

“[Pacific Palisades Community Council] requests the Planning Department provide all information (below), prior to commencing any work on the Community Plan Update process.

“These data are prerequisite for meaningful asset-based grassroots planning input to any Community Plan, whether it is for the Westside’s first cycle (Palms-Mar Vista-Del Rey, Westchester-Playa del Rey, West Los Angeles, Venice) or the second cycle (Westwood, Bel Air-Beverly Crest, Brentwood-Pacific Palisades):

1. What is the current aggregate population in the Community Plan area?
2. What is the projected population in the build-out year?
3. How is it calculated? Who calculates it? Is the U.S. Census used?
4. What is the population capacity in the current zoning, including R zones and C zones with density bonuses (Transit Oriented Communities, Expo Station Transit Neighborhood Plan) and Accessory Dwelling Units?
5. What is the population capacity in the proposed zoning, including R zones and C zones with density bonuses (TOC, Expo Station TNP) and ADUs?
6. Capacity of jobs or count of jobs currently.
7. Change in jobs as a result of proposed zoning, either by increase in C or M zones or reduction in jobs if C or M zones are decreased.”
