

PPCC Statement Against Recent Racist Hate Speech & Threats

Pacific Palisades Community Council (PPCC) is appalled and disgusted with the behavior of a woman entering Ralphs market last week who used vile and racist language toward Pastor Kenneth Davis and his young daughter and threatened their lives. This intolerable act does not represent Pacific Palisades and we are all so sorry this happened in our town – it should not happen here, or anywhere. PPCC supports all efforts by law enforcement to bring the offender to justice.
