Four hundred twenty-six ballots were cast in an election with only one contested race. We commend all the candidates for their effort, and we thank the Palisades community for participating in this election. With this report we are also distributing a Results Data Sheet, which includes the vote counts. The Election Committee counted the votes and inspected each questionable ballot in accordance with the PPCC Bylaws. Every decision concerning each ballot was unanimous and impartial and was based strictly on the Bylaws.

To the extent votes were disqualified, it was primarily due to the submission of duplicate ballots. The disqualification of votes did not change the outcome.

Congratulations to the newly elected candidates!
