10. Old Business

10.1.1. Review of bridge project and board feedback on whether the PPCC should hold an open community meeting to assess the current community sense about the bridge that proposes to connect the George Wolfberg Park at Potrero Canyon to the county beach parking lot at Will Rogers Beach, or whether we can allow the contractor hired by BOE to conduct meaningful outreach in order to garner the community's feedback through the process of the predesign phase, and implement the results of the feedback in a substantive way that will address the items of common concern and incorporate community sentiment into the final bridge design, including its public safety elements. These may include, but will not be limited to, hours of operation/open to the public, fences, gates, lock mechanisms, monitoring, law enforcement resources, patrolling, cameras etc...

10.1.2. We wish to further direct the contractor tasked with outreach to contact the list of Palisadian organizations previously submitted to CD11, in order to garner the most broad based input possible for this major project that stands to impact the entire Palisades.

11. Adjournment
