Re: PPCC Comment to Metro on the Sepulveda Transit Corridor Project DEIR

Dear Mr. Carter / Metro:

Pacific Palisades Community Council (PPCC) has been the most broad-based community organization and the voice of Pacific Palisades since its founding in 1973.

PPCC submits the following comment on the Sepulveda Transit Corridor Project DEIR.

At its regularly scheduled public board meeting on August 14, 2025, the PPCC board passed the following motion opposing the two proposed Monorail Alternatives and **supporting the proposed underground Heavy Rail subway mode of transportation:**

“Pacific Palisades Community Council (PPCC) opposes the two proposed Monorail Options (Alternative 1 and Alternative 3) due to their significantly lower ridership projections and lower capacities, and their significantly slower speeds and longer travel times, and supports the proposed underground Heavy Rail subway mode of transportation through the Sepulveda Pass because it will carry significantly more passengers than the proposed Monorail mode of transportation. The Heavy Rail mode of transportation is described in the Draft Environmental Impact Report (DEIR) for the Sepulveda Transit Corridor Project, released by Metro on June 2, 2025, in the discussion of Alternatives 4, 5 and 6.”

Please consider the above PPCC position and comment in connection with the Sepulveda Transit Corridor Project DEIR.

Thank you for your consideration.

Sincerely,
Sue Kohl

Sue Kohl, President
Pacific Palisades Community Council
