To the LA28 Resilience Champions Fund Committee:

Pacific Palisades Community Council (PPCC) since 1973 has been the most broad-based organization in Pacific Palisades, the community that was devastated in the Palisades Fire. Acting through its Executive Committee pursuant to PPCC's bylaws, PPCC is pleased to offer its support for the Santa Monica Mountains Fire Safe Council's application for a LA28 Resilience Champions Fund grant.

PPCC is aware of the organization's dedication to building wildfire resilience through community education and innovative restoration programs. The Santa Monica Mountains Fire Safe Council has addressed a critical need in the region, serving as a trusted resource for both residents and partner organizations. They are committed to providing wildfire prevention education and wildfire mitigation support, and we are confident this project will make a meaningful difference in the Palisades community.

We proudly endorse the proposal and look forward to the ongoing positive impact of this important work.

Sincerely,

Pacific Palisades Community Council
